Program

Sex Survey Research in Europe

Closing Conference for GeSiD – German Health and
Sexuality Survey

17.06.2022 | 9 a.m. – 6 p.m. | Hamburg

Invitation

Dear Colleagues,
dear Friends!

It is our honor and pleasure to invite you to the closing conference of the GeSiD – German Health and Sexuality Survey in Hamburg, Germany, 17 June 2022.

Conducting this representative survey, was in many ways a first for everyone involved. All the more, we want to sincerely thank the German Federal Center for Health Education for funding this study, Kantar Emnid for conducting the face-to-face interviews and coordinating the data collection, and our wonderful scientific advisory board who have been a great support and source of inspiration throughout the project. We are happy and proud of the success GeSiD has been so far, and the many interesting results and publications that have come of it.

But, if there is something the past two years has been missing, it is the chance to network and exchange new knowledge and learnings from these challenging times. Therefore, we are very happy and looking forward to welcome all of you to Hamburg, hoping that this in person meeting further inspires collaborations in survey research around Europe.

All the best,

Prof. Dr. Peer Briken

Dr. Arne Dekker

Scientific Program

	Welcoming Speech
09.00	Katharina Fegebank & Blanche Schwappach-Pignataro & Ursula von Rügen
09.15	History and Future of Sex Surveys in Europe Osmo Kontula
